Family Contributions
Help make a difference for everyone ...

Kalkie State School has provided a high standard of education to its students for generations. To help us continue this long tradition, extra support is required each year to help us purchase resources that will enhance the education and well being of all the students at the school.

The Parents & Citizens Association need to raise an average of $60 per child. We can do some of this through our many fundraising events but they don’t help us make it all the way. That’s where you can help.

The family contribution is a great way to support your school and will go a long way to helping us reach our target. This year the family contribution will be $20 per family, but if you can give just a little bit more it will help us go so much further.

There are two ways to make your contribution via online banking or you can place your contribution in the attached envelope and return it to the school office.

Thank you so much for supporting your school.
